## COMPLAINT REGISTRATION FORM

Please complete the following information and return to Burt Dean, CFO. After we have received your report he will review any information available and respond in writing within 10 days. This review may include a discussion of your report with persons' involved, and an analysis of any available videotapes, recorders, and records.

We understand that vehicle towing is a non-discretionary and very expensive problem for most people. It is the policies of Rebello's Towing Service, Inc. to be professional at all times, and treat your property properly. Good business practices, within legal confines, dictate that we cannot make exceptions; such could be a violation of our service contract, not justified by the circumstances of the tow, or establish an opportunity for the presumption of discrimination.
